PowerCell Cordless Induction Range  
L 15" W 13" H 3"

- Keeps food warm for up to 4.5 hours
- Recharges in only 5.5 hours
- Sleek & elegant design
- Cost-effective
- Energy efficient
- Quiet operation
- 110V or 220V options
- Integrates with the Fusion Buffet System
- Patent pending

***cordless warming induction for use anywhere***

The D.W. Haber PowerCell is a revolutionary solution for keeping food hot for extended periods of time. The sleek and elegant design makes it a stylish addition to buffets & food stations, and its cordless battery operation allows it to be used anywhere. The PowerCell has a 5.5 hour recharge time so it can be used for multiple meals per day, and it is a cost-saving solution as it compares to repetitive purchases of chafing fuel. The first of its kind, this induction unit is energy-efficient and operates quietly, ensuring that it won't disturb the ambiance of the setting.
