DISTINCTIVE SUSTAINABLE OUTDOOR FURNITURE

We are "Made in the USA"

Outdoor Design Studio has a singular goal to deliver optimal quality in casual furniture and commercial site amenities.

Each piece sanctifies a beautiful design, and well executed craftsmanship.

Our group has over 50 years experience in Recycled Plastic Lumber fabrication.

Our design and production techniques ensure maximum durability with minimal maintenance.

You or your guest can enjoy our premium collections to compliment your property for years to come.

What Soldura means to the environment.

Sustainable manufacturing is the processing of resources into products with minimal negative environmental impact.

Design considerations includes recycled materials that can be disassembled and recycled after their useful life; ie; cradle to cradle.

By tapping into the leading Recycled Materials Suppliers, we strive to build our products with the latest technology in UV stable, and highest quality available. Our products contribute to LEEDS certification credits.

Understanding the unique engineering attributes of these materials, we bring the most innovative and latest products to life without compromising structural margins.

Soldura Craftsmanship

The use of CNC Machine production in the manufacture of all our products ensures consistent tolerances, and quality control.

Mortise & tenon joinery is our trademark method of furniture construction, and all fastening utilizes marine grade stainless steel hardware, leaving no compromise to excellence.
