easy slicer vegetable slicer

Speed and Consistency . . . Unplugged

A true revolution in food prep, Nemco's Easy Slicer™ took the countertop stage as the first alternative to the electrical meat slicers so typically misused for cutting vegetables and fruit. After all, the only other option was a manual knife.

The electrical meat slicer was faster and automated, but expensive to maintain and off-limits to food-prep staff under 18. The knife was laborious and downright dangerous for the less experienced.

Quite simply, the Easy Slicer took the best of both worlds and made them better. Just as fast and even more precise, plus easier to clean than the meat slicer . . . safer and more consistent than a knife . . . the Easy Slicer still stands as Nemco's #1, most versatile and popular food-prep machine.

works with:

Easy Slicer™ Vegetable Slicer

Easy Slicer is the one slicer you need to make fast, easy work of most fruits and vegetables. Its unique, adjustable, stainless-steel blade provides a full range of slicing options—from 1/16-inch to 1/2-inch in thickness—for extra versatility and convenience. Simply turn the thumbscrew control to lock in your setting on the easy-to-read calibrated gauge. Use with the Nemco mounting base (sold separately) for a secure workstation, plus easy removal for cleaning and storage. Fixed blade units also available. Optional shredding plates fit all units.

Model #	Description	Replacement Blades
55200AN	Adjustable Cut	55135 (set of 2)
55200AN-B	w/Portable Base	55135 (set of 2)
55200AN-4	1/8" Fixed Cut	55135 (set of 2)
55200AN-6	3/16" Fixed Cut	55135 (set of 2)
55200AN-8	1/4" Fixed Cut	55135 (set of 2)
55200AN-1	3/16" Shredder	55178
55200AN-2	5/16" Shredder	55179

Optional Accessories

Model #	Description
55257	Sharpening Stone
55263-1	3/16" Shredding Plates
55263-2	5/16" Shredding Plates
55816	Portable Base

Loading the Easy Slicer is a cinch. Just place your produce in the trough behind the blade, close the cover plate and go.

The sharpness and ease of rotation of the blade makes slicing a breeze, for super-fast, precisely consistent yield.

suggested uses

The perfect answer for uniform slicing of fresh vegetables and fruits for salad bars, sandwiches, pizza toppings and more.

Optional Shredding Plates—Shredding plates attach to the Easy Slicer in seconds for quick, easy shredding of cabbage, cheese, carrots, potatoes and other fruits and vegetables. Or choose the Easy Shredder, our shredding-only model.

Portable Cutting Board Base—Maximize your counterspace with Nemco's portable, food-prep base, equipped with a mounting bracket that fits the Easy Slicer and a number of other Nemco food-prep products. The suction-cup feet provide incredible stability without damaging your countertop, and the entire unit is dishwasher safe.

easy tomato slicer 2

The Best Thing Since Sliced Tomatoes

Innovation being the hallmark of Nemco, even the most popular food equipment is never immune to design improvements. Nemco's Easy Tomato Slicer™ has been a breakthrough in fast, uniform tomato slicing, and has become a mainstay in commercial kitchens everywhere.

However, Nemco saw a need in the market for a simpler model that could deliver the same slicing

precision, but with a faster, easier method for changing the blades—particularly in the hands of younger, less experienced employees.

The result? Nemco's next generation, Easy Tomato Slicer 2™. And now, with a new, factory-pretensioned cartridge blade set, the 2 is winning over as many fans as its predecessor.

works with:

Easy Tomato Slicer 2™

Compact, efficient, easy to use and even easier to maintain, the new Easy Tomato Slicer 2 with its pretensioned cartridge blade assembly is more convenient than ever. The newly designed blade set stays properly aligned and tightened without the need to adjust it. The Easy Tomato Slicer 2 has an ergonomic handle, hand guards, self-lubricating track, rubber feet and a table stop like its predecessor, the Easy Tomato Slicer, a staple in foodservice kitchens. Accommodates a larger tomato than the original Easy Tomato Slicer. Scalloped blade options available.

Model #	Description	Replacement Blades
56600-1	3/16" Slice	566-1 (14 blades)
56600-2	1/4" Slice	566-2 (11 blades)
56600-3	3/8" Slice	566-3 (7 blades)

Note: Contact Customer Experience for scalloped blade ordering information.

Easy Tomato Slicer™

Save time, labor and valuable work space with the original Easy Tomato Slicer—still an immensely popular item for its incredibly compact design that is even shorter and narrower than the 2 model. Its unique self-lubricating track material alleviates misalignment problems that can cause nicks and broken blades. Vertical handle and protective guards improve user comfort and safety. Cleans up quickly and easily. Scalloped blade options available.

Model #	Description	Replacement Blades
55600-1	3/16" Slice	466-1 (13 blades)
55600-2	1/4" Slice	466-2 (10 blades)
55600-3	3/8" Slice	466-3 (7 blades)
55600-7	7/32" Slice	466-7 (11 blades)

Note: Contact Customer Experience for scalloped blade ordering information.

Roma Tomato Slicer

Need perfectly sliced Roma tomatoes super-fast? No problem. The Roma Tomato Slicer is designed to fit the unconventionally oblong roma tomato. It incorporates super-sharp, stainless-steel scalloped blades to pierce the tomato skin first, on the way to finishing a smooth, clean slice. The blades are pretensioned inside a cartridge blade assembly, to maintain precise spacing that ensures a consistently uniform slice and prolongs blade life. For cleaning or timely replacement, the blade assembly is easily removed with the simple pull of two pins.

Model #	Description	Replacement Blades
56610-1	3/16" Slice	567-1 (15 blades)
56610-2	1/4" Slice	567-2 (11 blades)

suggested uses

This is a must-have if you like to keep fresh tomatoes on hand for your burgers, sandwiches, salads, salad bars and condiment trays. It's great for slicing strawberries and mushrooms too.

Blade Assemblies

Easy Scooper™—The essential tomato-prep tool. Removes stems with just one motion! Great for strawberries too!

Model #	Description
55874	Easy Scooper™ Stem Remover

easy chopper 3

A Dream in Color

As if the Easy Chopper wasn't already saving kitchens time and money, along comes the 2, giving operators even more labor-cutting versatility (see page 13).

And, yet, in traditional Nemco style, the innovation just keeps coming.

Introducing—yes, that's right—the Easy Chopper 3, equipped with a spectrum of game-changing enhancements that further simplify the chopping chore.

Now, with color-coded blade assemblies and push blocks that make changeout super simple, a tougher nylon-resin push block that prolongs performance life and a revolutionary push-block gasket that takes all the tediousness out of cleaning, the Chopper 3 moves food prep from daunting to dreamy.

works with:

Easy Chopper 3™

Chopping just got faster and easier, yet again. And it all starts with the push block. In addition to being color-coded per the cut size of the corresponding blade-set—thus making destructive mismatches near impossible—each push block also features an intriguing ‘gasket’ innovation that makes cleaning as simple as pulling a tab. Like its Chopper 2 predecessor, the 3 includes a 4¼" cutting area for large vegetables, as well as a pretensioned slicing blade-cartridge design, aluminum and stainless-steel construction, and a sturdy, wide base, now high enough to sprawl a 16- or 13-size six-inch-deep food pan, or a two-quart round pan.

Model #	Description	Blade/Holder Assembly	Replacement Blades
57500-1	¼"-Sq. Cut, Red	57424-1 (26 blades)	536-1 (26 blades, unassembled)
57500-2	⅜"-Sq. Cut, Blue	57424-2 (18 blades)	536-2 (18 blades, unassembled)
57500-3	½"-Sq. Cut, Green	57424-3 (12 blades)	536-3 (12 blades, unassembled)
57500-4	1"-Sq. Cut, Black	57424-4 (8 blades)	536-4 (8 blades, unassembled)
57500-5	¼"-Thick Slice, Red	57424-5 (13 blades)	—
57500-6	⅜"-Thick Slice, Blue	57424-6 (9 blades)	—
57500-7	½"-Thick Slice, Green	57424-7 (6 blades)	—

Optional Accessories

Model #	Description
57417-1	Push Block, ¼" Red
57418-2	Push Block, ⅜" Blue
57417-3	Push Block, ½" Green
57418-4	Push Block, 1" Black
56381-1	Cleaning Gasket, ¼" Red
56382-2	Cleaning Gasket, ⅜" Blue
56381-3	Cleaning Gasket, ½" Green
56382-4	Cleaning Gasket, 1" Black
57727-4W	4-Section Wedger Kit
57727-6W	6-Section Wedger Kit
57727-8W	8-Section Wedger Kit
57424-1-PBG	¼"-Cut Conversion Kit
57424-2-PBG	⅜"-Cut Conversion Kit
57424-3-PBG	½"-Cut Conversion Kit
57424-4-PBG	1"-Cut Conversion Kit
57424-5-PBG	¼"-Slice Conversion Kit
57424-6-PBG	⅜"-Slice Conversion Kit
57424-7-PBG	½"-Slice Conversion Kit

Conversion Kit includes blade & holder assembly, push block and cleaning gasket.

The Chopper 3's interchangeable blade assemblies and push blocks are color coded to ensure fit and avoid destructive blade crashing.

suggested uses

The Easy Chopper 3 is the all-in-one heavy hitter for fast chopping, slicing and wedging of onions, tomatoes, potatoes, celery, peppers and other firm veggies. It's even the go-to for cutting fresh herbs, like cilantro, basil, parsley and more. It also cuts cooked chicken and ham! This reliable versatility, combined with its user-friendly fringe benefits, makes it the perfect tool for any high-speed kitchen.

Nemco's innovative push-block gaskets make cleaning a cinch. Just pull the gasket tabs to remove and clear away all the block's food debris in one simple motion.

Tall, sprawling base allows chopped produce to fall straight into a 16- or 13-size six-inch-deep food pan, or a two-quart round pan

easy chopper

Chop Chop!

When high-volume foodservice establishments wrestling with high employee turnover needed a smarter, safer way to produce mounds of chopped produce in rapid-fire fashion, they naturally turned to Nemco.

Replace a knife with a blade grid and a gravity-driven pusher, and the resulting Easy Chopper has since become a staple item in kitchens all across the foodservice world.

In fact, it's been so effective, it remains a top seller in the entire Nemco lineup and a brilliant design-wise predecessor to the even more feature-evolved Easy Choppers 2 and 3.

works with:

Easy Chopper™

Easy Chopper is the original, most effective answer for fast, easy, efficient chopping. Comfortable, weighted handle does most of the work for you to cut cleanly in one stroke. Super-sharp, stainless-steel, interchangeable cutting grids let you perform six operations, including wedging. Plus, the compact 3½"-square cutting area maximizes counterspace.

Model #	Description	Blade/Holder Assembly	Replacement Blades
55500-1	¼" Cut	55424-1 (22 blades)	436-1 (22 blades, unassembled)
55500-2	⅜" Cut	55424-2 (16 blades)	436-2 (16 blades, unassembled)
55500-3	½" Cut	55424-3 (10 blades)	436-3 (10 blades, unassembled)
55500-4	1" Cut	55424-4 (4 blades)	436-4 (4 blades, unassembled)

Optional Accessories

Model #	Description
55417	Push Block, ¼" & ½"
55418	Push Block, ⅜"
55727-4	4-Section Wedger Kit
55727-6	6-Section Wedger Kit
55727-8	8-Section Wedger Kit

suggested uses

Use for fast, easy chopping, cutting and dicing of onions, tomatoes, potatoes, celery, peppers and other firm vegetables. Great for wedging citrus and other fruits, using the wedger kit.

Blade Assemblies

Easy Chopper 2™

Get the speed, efficiency and convenience of the Easy Chopper in a mightier model with a 4¼"-square cutting area, designed specifically for your BIG veggies! Now you can save labor by minimizing the need to pre-cut foods into smaller portions. But don't let the name fool you. This versatile tool chops, slices AND wedges! And, like the original version, it still features the weighted ergonomic handle. Plus, the slicing blades are factory pretensioned to remain properly aligned and tightened with no need for adjustment.

Model #	Description	Blade/Holder Assembly	Replacement Blades
56500-1	¼"-Sq. Cut	56424-1 (26 blades)	536-1 (26 blades, unassembled)
56500-2	⅜"-Sq. Cut	56424-2 (18 blades)	536-2 (18 blades, unassembled)
56500-3	½"-Sq. Cut	56424-3 (12 blades)	536-3 (12 blades, unassembled)
56500-4	1"-Sq. Cut	56424-4 (8 blades)	536-4 (8 blades, unassembled)
56500-5	¼"-Thick Slice	56424-5 (13 blades)	—
56500-6	⅜"-Thick Slice	56424-6 (9 blades)	—
56500-7	½"-Thick Slice	56424-7 (6 blades)	—

Optional Accessories

56727-4W	4-Section Wedger Kit
56727-6W	6-Section Wedger Kit
56727-8W	8-Section Wedger Kit

suggested uses

For salsa, pizza toppings, drink garnishes and more. Chops, slices and dices onions, tomatoes, potatoes, celery, peppers and other firm veggies. Great for wedging citrus and other fruits too, when using the wedger kit.

Pretensioned Slicing Blade Assemblies

Chopping/Wedging Blade Assemblies

spiral fry potato cutter

The Very First Twist on Food Prep

In 1981, as a machine shop, Nemco took on the challenge of a local restaurant owner who had a tasty moneymaking idea.

Seeing how much his patrons enjoyed his unique, spiral-shaped French fries, the restaurateur knew he could generate a much bigger profit

if he just had a lasting, commercial-grade tool that could take all the labor out of spiral-cutting his potatoes.

Nemco responded with its very first food equipment product—the Spiral Fry™.

Today, foodservice equipment of all kinds is all Nemco makes, and operators everywhere are earning a huge gross margin on every delectably crispy serving of spiral fries.

works with:

Spiral Fry™ Potato Cutter

Easily turns potatoes into money! Simply load up to a 70-ct. potato, and turn the easy-action drive screw. No peeling is required, and it easily releases for fast reloading. Mounts securely on any flat surface for left- or right-handed operation. Removes easily for quick cleanup. Fine Cut Garnish Cutter makes attractive vegetable garnishes quickly and easily. The Ribbon Fry Cutter makes a great side for sandwiches.

Model #	Description	Replacement Blades

Model 55816

PowerKut Food Cutter

For mounds and mounds of today's most appetizing fries and garnishes, ask for the PowerKut Spiral Fry™, Ribbon Fry™, Wavy Fry™, Chip Twister Fry or Fine Cut Garnish Cutter. Each cuts with the innovation of the original Spiral Fry, but much faster and easier—going through an entire potato in as little as two seconds. Operation is simple—load, apply steady, even pressure and move the carriage forward. Wipes clean. Holds a 60-ct. potato.

Model 55816-2

easy vegetable noodler

Noodle On This

What do you do when the health-driven movement for “low carb” and “gluten free” doesn’t jive with the hunger-driven demand for pasta?

Turn to Nemco.

Seeing the rapidly rising trend that has the vegetable noodle

standing in for conventional spaghetti noodles in a multitude of menu alternatives, Nemco has introduced a smart, durable solution with the labor-efficient speed to satisfy customers more quickly and far more profitably.

works with:

Easy Vegetable Noodler

Easily turn zucchini, squash or a variety of other firm veggies into piles of amazingly delicious, low-carb "spaghetti" noodles. Just load your choice veggie on the drive plate, turn the handle and go! Durable aluminum construction, with minimalist engineering that virtually eliminates maintenance issues, ensures lasting performance and fast ROI. Mounts securely to your countertop, while a twist of a few wing nuts simplifies disassembly for thorough cleaning. The only NSF-approved, commercial-grade device of its kind!

Model #	Description	Replacement Blades
55050AN-P	Vegetable Noodler, Manual $\frac{9}{64}$ "	55702-1 Separating Blade 55492 Shearing Blade
55711-1	Front Plate Assembly	—
55150C-P*	Vegetable Noodler, PowerKut $\frac{9}{64}$ "	55702-1 Separating Blade 55492 Shearing Blade
55707-1-P	Vegetable Noodler Face Plate	—

Optional Accessories

Model #	Description
55816	Manual Portable Base
55816-2	PowerKut Portable Base

Model 55150C-P

Even Easier!—For faster, easier production of zucchini noodles, Nemco also offers the electrically powered PowerKut Vegetable Noodler.

suggested uses

The Easy Vegetable Noodler is the must-have device for grocery deli counters, health-menu restaurants and other retail establishments looking to capitalize on the increasing demand for low-carb, gluten-free pasta alternatives. Makes spaghetti-like noodles out of zucchini, squash, potatoes, daikon, carrots and cucumbers.

Green Onion Slicer Plus

For fast, fresh-sliced garnishes, salad toppings, appetizers, soup starters and more, choose the Green Onion Slicer Plus. It makes mounds of perfect slices in just one labor-saving stroke. Faster than knives or scissors. Razor-sharp blades are individually replaceable. Wall-mount design saves valuable counterspace.

Model #	Description	Replacement Blades
55250A	$\frac{3}{16}$ " Cut	55225-6 (set of 6)

suggested uses

Cuts green onions, mushrooms, peeled cucumbers, olives, bananas, green peppers, strawberries and other fruits and vegetables into perfect $\frac{3}{16}$ " slices.

easy frykutter vegetable cutter

Getting a Handle on the Hot Potato

The foodservice industry would be hard pressed to find a menu item more popular—or more stubborn to cut—than the French fry potato.

So, when Nemco looked into developing a fry cutter, the food-

prep challenge of actually muscling a blade through a potato weighed heavily in the process.

Out of this emerged the appropriately named Easy FryKutter™, built with a number of user-driven features, such as the industry's only ergonomically designed "D" handle that reduces fatigue and increases productivity.

Now, regardless of the potato or the customer rush, when the pressure is on, nothing performs as reliably as Nemco—the durable and lasting workhorse that operates with a stroke of finesse.

works with:

Easy FryKutter™

Easy FryKutter uses an exclusive short throw handle and superior engineering to improve leverage for smooth, easy cutting or wedging in just one stroke. Works with natural body motion to eliminate awkward stretching and reduce operator fatigue. Built to last under the toughest day-to-day conditions. Slide-in, slide-out wall bracket fits the same mounting holes as most other machines. The compact 3 1/2"-square cutting grid maximizes counterspace.

Model #	Description	Blade/Holder Assembly	Replacement Blades
55450-1	1/4" Cut	55424-1	436-1 (22 blades, unassembled)
55450-2	3/8" Cut	55424-2	436-2 (16 blades, unassembled)
55450-3	1/2" Cut	55424-3	436-3 (10 blades, unassembled)
55450-4	4-Section Wedge	—	428-4
55450-6	6-Section Wedge	—	428-6
55450-8	8-Section Wedge	—	428-8

Optional Accessories

Model #	Description
55641	Wall Bracket
55727-4	4-Section Wedger Kit
55727-6	6-Section Wedger Kit
55727-8	8-Section Wedger Kit

Wall Bracket

suggested uses

Cut potatoes for French fries and cut carrots and celery sticks. Chop onions, peppers, carrots and tomatoes. Wedge tomatoes for salads and potatoes for steak fries using the wedger kit. Great for wedging fruits too!

Blade Assemblies

Monster FryKutter™

Introducing the first potato-cutting tool that just eats up the massive "monster" potatoes, delivering a big 1/4", 3/8" or 1/2" square cut. The 4 1/4" cutting grid houses a special blade assembly that does all the work to minimize operator fatigue and maximize productivity—so you can make more money on the big monster appetite of your customers.

Model #	Description	Blade/ Holder Assembly	Replacement Blades

56450A-3D	1/2" Sq. Cut, w/D-Handle	56424A-3MK	536-3 (12 blades, unassembled)

suggested uses

Put this beast to work if you want to maximize the profit potential on your orders for French fries. It's also very useful for cutting other large, firm vegetables, including colossal onions, celery, bell peppers and more.

Model 56450A-1

Model 56450A-1D

Monster Airmatic FryKutter™

Never let a wave of hungry customers down. When the popularity of French fries meets your busiest rush times, get more orders out and make more money with Nemco's Monster Airmatic FryKutter. Comes in 1/4", 3/8" or 1/2" square-cut sizes. Slicing blade assemblies are also available in 1/4", 3/8" or 1/2". The 4 1/4" cutting grid is designed specifically for your big veggies!

Model #	Description	Blade /Holder Assembly	Replacement Blades
56455-1	1/4" Sq. Cut	56424-1T	536-1T (26 blades, unassembled)
56455-2	3/8" Sq. Cut	56424-2	536-2 (18 blades, unassembled)
56455-3	1/2" Sq. Cut	56424-3	536-3 (12 blades, unassembled)

suggested uses

It is a must-have for very high-volume fast-food and grab-and-go-style restaurants. Use this workhorse for French fries, as well as various cuts of other vegetables, including onions, celery, bell peppers, tomatoes and more.

easy lettucekutter

Who Says You Can't Be All Things...?

Make no mistake. If you're in foodservice, your bottom line can use the cost-cutting efficiency of Nemco's Easy LettuceKutter™.

It was originally designed for cutting iceberg lettuce in a high-volume, quick-service-type establishment. But then along came a restaurant looking to do the same with romaine for its popular Caesar salads . . .

And another wanting a square cut, perfect for its chop salads . . .

And another thinking it would be great to cut grilled chicken, right after cutting its lettuce . . .

And still others that have used it for slicing melon . . .

How 'bout you? Have any ideas? Nemco's always up for designing another blade set—or some other innovation entirely.

works with:

Easy LettuceKutter™

Cut mounds of crisp, fresh lettuce in seconds—and keep it fresh for hours, with a cut so incredibly clean, it prevents browning at the leaf edges. Process a whole head of cored lettuce at a time. Scalloped blades and a clean, slicing-action cut with no crushing and no bruising. Interlocked blades avoid flexing and require no tensioning. Plus, cleanup is easy.

Model #	Description	Blade Assembly	Replacement Blades

*For cooked chicken. **For eggplant.

Optional Accessories

Model #	Description
55490	Lettuce Corer
55491	Easy LettuceKutter Support Board w/Opening

Model 55490

suggested uses

Ideal for chopping iceberg and other lettuces, as well as slicing melons for fruit trays. Also slices lettuce for tacos and sandwiches. 55650-CS can be used to slice cooked chicken for wraps and salads.

Blade Assemblies

Support Board w/Opening

NSF polyethylene board fits securely over 20- and 32-gallon lettuce-keeper containers. Also holds other lettuce-cutting machines.

Strawberry Dicer NEW!

Say goodbye to the inconsistency and inherent safety hazard of slicing strawberries with a knife. Now, with this simple tool, even your most inexperienced employees can quickly pile up a supply of fresh, uniform strawberry quarters for amazing presentation and valuable labor savings. Easily clip the Strawberry Dicer over the top of a standard kitchen storage container and get to work. Prep the berry using the stem removal blade on the side. Then, place the berry, flat top down, on the cross-wire grid and push it through. It's that fast and effortless.

Model #	Description
55830-2	Strawberry Dicer

Storage container sold separately.

suggested uses

Perfect for any operation with menu items featuring fresh-cut produce. Ideal for gourmet salads, fruit cups, ice cream serves and more. Can also be used to quarter or downsize other soft, but firm, fruits and veggies like bananas and kiwi—even mushrooms.

easy wedger & easy apple corer

Foodservice's Equivalent to the Paper Clip

They call it a staple item.
A must-have. A no-brainer.
And if you're serving schools,
using the corer version is probably
the only way you can get the
students to eat their apples.

No matter how you slice it, it's
one of your most inexpensive
solutions for making your food-
prep work a whole lot easier.

Granted, Nemco didn't develop
the first wedger, or even master
the first manual wedging-tool
concept. But the way Nemco
looks at it, if it's going to be a
staple item, it should last a heck
of a long time.

So, this one—simply called
the Easy Wedger™—is built to
operate more smoothly and more
durably than any other.

works with:

Easy Wedger™ & Easy Apple Corer™

Save labor, and cut perfect wedges every time. Easy Wedger cuts cleanly and precisely with stay-sharp stainless-steel blades that minimize bruising. Works so fast, you can cut to order for the freshest selections possible. Built for years of reliable performance. Eight-section Easy Apple Corer looks and functions just like the Wedger, but it includes a pin in the middle of the pusher to simultaneously core while wedging.

Model #	Description	Blade Assembly
55550-4	4-Section Wedge	428-4
55550-6	6-Section Wedge	428-6
55550-8	8-Section Wedge	428-8
55550-10	10-Section Wedge	428-10
55550-8C	8-Section Corer	490-8

suggested uses

Easy Wedger is ideal for beverage operations. Use it for fresh lemon, lime and orange garnishes. Works great at the salad bar too. Try it with tomatoes, pickles, potatoes, cucumbers and zucchini.

Eight-section Easy Apple Corer—Cores and wedges at once—ideal for apples and pears.

Easy Pineapple Corer & Peeler

Take all the labor out of prepping a pineapple. Completely remove the core and peel with one simple pull of its easy-action, top-down lever. Saves time, effort and food waste. A locking mechanism keeps the handle and blade in the up position while loading a pineapple. Tough aluminum and stainless-steel construction and easy disassembly for cleaning extend the life of the unit for great return on investment.

Model #	Description	Blade Assembly
55775	Pineapple Corer & Peeler, 3½"	56511
55775-1	Pineapple Corer & Peeler, 4"	56511-1

suggested uses

Is the perfect tool for fast-paced, high-volume kitchens looking to capitalize on the popularity of this perfect fruit. Great for operations that use pineapple for sauces, baked goods, salad bars, hams, exotic pizza toppings, and more.

Easy Juicer™

Easy Juicer puts a 20:1 mechanical advantage in the palm of your hand. Specially designed ergonomic handle is easy to grip. Stainless-steel rack and pinion is supported between two self-lubricating bronze bearings. High-strength steel post adds rigidity. Aluminum and stainless-steel construction plus all stainless-steel fasteners for rugged performance and durability. Strainer cone and cup are removable.

Model #	Description
55850	Citrus Juicer

suggested uses

Ideal for oranges, lemons, limes and pomegranates. Lets you quickly prepare the freshest possible lemonade, limeade, tropical drinks and other seasonal specialties.

easy flowering onion cutter

Crying All the Way to the Bank

Not long ago, a major national restaurant chain stumbled on an onion-appetizer idea that was as grand in presentation as it was in flavor. But the prep work was a bit much, and the kitchen couldn't stay on top of the tidal wave of orders.

Enter Nemco.

Now, the Easy Flowering Onion™ Cutter takes virtually all the labor out with one motion, transforming this trademark menu favorite into a much more cost-effective production and enabling the chain to turn a 700% profit.

works with:

Easy Flowering Onion™ Cutter

Use for the authentic cut that lets you serve today's most profitable, great-tasting appetizers—for a return of 700% or more! The Easy Flowering Onion Cutter produces these high-profit specialties fast—and oh, so easy. Just one stroke turns a colossal onion into a colossal, flowering favorite. Then batter, bread and deep fry. Adapter base lets you use smaller onions as well. Sturdy, all-metal construction for long life.

Model #	Description	Blade Assembly
55700	Onion Cutter	55511
55526	Small Onion Adapter	Included with Model 55700
55513	Core Cutter, Large 2 ³ / ₄ "	Included with Model 55700
55527	Core Cutter, Small 1 ³ / ₄ "	Included with Model 55700

suggested uses

Create the perfect signature-item onion appetizer. Or dip the ends of a flowered raw onion in food coloring to create a magnificent onion garnish. Use with colossal and smaller-sized onions.

Core Cutter—Remove the onion core with the Core Cutter, and you create space to add a ramekin filled with delicious dipping sauce.

Easy Onion Slicer 2"

Takes EASY to a whole new level... because a NEW factory-pretensioned blade set NEVER, EVER needs tightening! Even your most inexperienced employees can easily change the blades. Process up to a 4-inch diameter onion. But don't stop there. This remarkably versatile tool can make fast work of just about anything in the produce department!

Model #	Description	Blade Assembly
56750-1	³ / ₁₆ " Slicer	56539-1 (17 blades)
56750-2	¹ / ₄ " Slicer	56539-2 (13 blades)
56750-3	³ / ₈ " Slicer	56539-3 (9 blades)
56750-4	¹ / ₂ " Slicer	56539-4 (7 blades)

suggested uses

Ideal for onions, celery, potatoes, pickles, firm tomatoes, oranges, lemons and limes.

55300A-516D	5/16" Slicing Arm	55288

suggested uses

Use with the Nemco Easy Cheeser cutter for a total cheese-prep center.

Easy Cheese Blocker™

Cut cheese blocks down to size in seconds for more manageable cubing, slicing and shredding. Sturdy, all stainless-steel construction and rigid cutting bow ensure straight, even cuts plus long life. Calibrated, notched, 1/2-inch cutting guide helps to improve consistency and reduce waste. Stainless-steel cutting wire is easily replaced. Process 40-pound cheese blocks, 35-pound cheese wheels or smaller.

Model #	Description	Wire Kit
55350A	Cheese Block Cutter	55359-P3

CanPRO® Compact Can Opener

Nemco's unique mechanical design thinks outside the can! Instead of cutting down vertically into the lid, the CanPRO Compact cuts horizontally into the rim for improved food safety, as well as operator safety. Cutting from the outside, the blade assembly crimps as it cuts, eliminating the sharp edge that can slice a hand or damage a spatula. Plus, it leaves no metal slivers that can fall into the food contents. Running the circumference of a #10-sized can just takes a few quick and easy turns of the crank. It's adjustable to all common can sizes and features a permanent mount with an optional temporary clamp, allowing you to move the opener around the kitchen. Security model option available.

The CanPRO Compact from Nemco easily fits #2-, #5- and #10-sized cans.

Model #	Description	Replacement Cutter
56050-1	CanPRO Compact, Permanent Mount	56029
56050-2	CanPRO Compact, Clamp Mount	56029

PaniniPro high-speed sandwich press

VENTLESS!

Model 6900A-208-FF

Place an Order for "Wow"

Given the high demand—and subsequent high margin—associated with paninis, wraps and all sorts of other grilled-style sandwiches, foodservice operators look at the relatively tedious task of preparing these hot sellers and say, "It's worth it." But what if. . . ?

What if tedious wasn't part of the equation? How much more money is there to be made?

When seeing how the PaniniPro™ simultaneously heats the protein and toasts the bread in a hot minute—on a durable aluminum surface with a tough nonstick coating—these same operators are turning "what if" into a big "wow."

PaniniPro™ High-Speed Sandwich Press

Doing the conventional panini press one better, the PaniniPro high-speed sandwich press gives super-busy and space-restrictive foodservice operations exactly what they need to break into the hot-sandwich market. With simultaneous conduction and microwave heating, sandwiches can be ready in under a minute. Programmable, push-button electronic controls ensure heating consistency from sandwich to sandwich, employee to employee, while a built-in USB port makes reprogramming for a menu change a simple process.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6900A-208-GF	Grooved Top, Flat Bottom	14 ¹ / ₂ " x 26 ¹ / ₂ " x 23 ¹ / ₂ "	208	5824	28.0

6900A-240-GG	Grooved Top, Grooved Bottom	14 ¹ / ₂ " x 26 ¹ / ₂ " x 23 ¹ / ₂ "	240	5760	24.0
6900A-240-FF	Flat Top, Flat Bottom	14 ¹ / ₂ " x 26 ¹ / ₂ " x 23 ¹ / ₂ "	240	5760	24.0

Height when open: 28¹/₂".

Arriving preprogrammed with four standard heating cycles, the PaniniPro high-speed sandwich press also includes a flash drive with a user-friendly software capability that makes it easy to change the heating cycles in tandem with your sandwich menu.

Every PaniniPro comes with a spatula (model 48826) that's both flexible and durable, yet won't harm the integrity of the plates' nonstick coating.

suggested uses

This compact workhorse brings a whole new dynamic to sandwich shops, coffee shops, c-stores, fast-casual chains and other retail food operations looking to capitalize on the hot-sandwich trend. It takes little time and space to expand your menu and serve toasty paninis, ciabatta-bread sandwiches, flatbread sandwiches, quesadillas, burritos, breakfast sandwiches, Cuban wraps and more.

Redesigned microwave system—

Improves energy distribution for a 20% reduction in already super-fast cook times!

Features—The top and bottom plates are available with grooved or flat surfaces in your choice of pairings. A spring-loaded upper plate moves to ensure uniform plate-to-food contact with sandwiches of variable thickness. All food-contact surfaces have an engineered nonstick coating.

8 push-button electronic controls and digital display make operation extremely simple.

Nemco Food Equipment's 6900A-model family has been evaluated and found to comply with Section 59 of UL710B, the Standard for Recirculating Systems, formerly Section 14 of UL197, 8th Edition, Supplement SB, and paragraph 4.1.1.2 of NFPA96, the Standard for Ventilation Control and Fire Protection of Commercial Cooking Appliances.

PaniniPro : features

**Ventless Certified
NO HOOD REQUIRED!**

Redesigned microwave system

—Improves energy distribution for a 20% reduction in already super-fast cook times

Stainless-steel construction is commercial tough and super easy to keep clean

Top and bottom plates are available with either grooved or flat-surfaces. Specify the configuration you prefer (unit shown with flat top and flat bottom)

Both the upper and lower plates can be independently set to temperatures of up to 500° F

Easy maintenance reminder

Clearly communicates to staff the daily filter-cleaning process necessary for optimizing performance life

Engineered nonstick coating, applied to all food-contact surfaces, makes sandwich flipping & handling easy and simplifies cleanup

Double-panel service access

Technicians can now reach internal components from both sides, shortening downtime in a rare service event

A spring-loaded upper plate moves to ensure uniform plate-to-food contact with sandwiches of variable thickness

Auto-lock lid uses magnetics to finish closure of the lid and securely latch it shut, with minimal user effort

To maximize your productivity, the 110 square-inch (10.5" x 10.5") heating surface accommodates four standard-sized Texas toast sandwiches

8 push-button electronic controls and digital display, make operation extremely simple

Heavy-duty stainless-steel legs provide 4 inches of counter clearance for easy cleaning

Slip-resistant rubber feet

Grip the counter surface to prevent the unit from sliding during use

Turkey Panini on Marble Rye

Sausage & Egg Muffin

induction range cookers & warmers

Model 9130A

Game-Changing Efficiency. Chef-Worthy Performance.

Nemco's extraordinary induction ranges mimic the chef-level cooking performance of conventional gas ranges, but at a significantly higher energy efficiency that can put thousands of dollars to your bottom line every year.

Innovative induction technology—only from Nemco—cooks just like gas, but uses far less energy!

Induction activates a magnetic field to energize cookware in a way

that literally turns the pan into its own heating element, transferring 90% of the energy directly into heating the food, while keeping the “burner” surface relatively cool to the touch. Unlike other induction brands, however, only Nemco features a “continuous field” that maintains the energizing effect, even when the pan is lifted to perform all sorts of cooking techniques.

Drop-In Warmers

A look so simple, sophisticated and smooth, Nemco's drop-in induction warmer models are perfect in virtually any application, especially high-end front-of-the-house settings.

Waffle Bakers

Nemco Waffle Bakers are so easy to use, they're perfect for self-serve buffet lines. Simply fill and close the grid, then push the timer. Top-mounted digital controls maintain ideal baking temperature. Sensors ensure uniform baking on both sides. LED readout counts down baking time (typically only 3½ minutes!), and the bell signals when done. Floating hinges allow top grid to rise as waffle bakes to perfection. Interlocking grids reduce batter overflow. Coiled, spring-type handles never get hot. Bake up to 20 seven-inch-diameter waffles per hour, per grid. Easy-to-clean SilverStone® grids available.

Optional Accessories

Model #	Description
77241	Drip Tray, Stainless Steel

Cone Bakers

For fast, convenient, precision baking of waffle cones. Preheats in just 12 minutes and produces up to 60 cones per hour, per grid. Heavy-duty, lockdown, fixed, seven-inch aluminum grids provide uniform thickness, while flat-ring heating elements bake to a taste-tempting, overall golden brown. Easy-to-read LED display counts down baking time. Audible alarm signals the minute baking is complete. Coiled, spring-type handle remains cool for fast, easy handling.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
7030A	Single	10" x 19 ³ / ₄ " x 8 ¹ / ₈ "	120	890	7.4

7030A-2240	Dual	19 ¹ / ₂ " x 19 ³ / ₄ " x 8 ¹ / ₈ "	240	1780	7.4

Height with handle up 17¹/₂"

Optional Accessories

Model #	Description
77005	Cone Form Roller (makes 7" finished cones)
77006	Walking Sundae Mold

suggested uses

Use for all types of pasta, vegetables, dumplings, shellfish and more. Also great for reconstituting food and reheating frozen items.

Model 6760-240

Countertop Boiling Unit

Built for speed and built to last, this boiler preheats in 12 minutes and recovers extremely quickly. Stainless-steel construction with a powder-coat top and durable-alloy twin baskets with insulated grips enhance performance life. Smaller accessory baskets give you the quick-serve ability to cook and drain up to six individual orders at once. A digital thermostat—with a temperature range of 100° F to 212° F—and programmable timing provide versatile cooking control. A turn-knob drain mechanism makes cleaning easy.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6760-240	Single Tank, 2 Twin Baskets. 2.5 Gallon Capacity	12" x 24" x 16"	240	5750	24.0

Optional Accessories

Model #	Description
48605	4" Nickel Plated, Adjustable Leg
69582	Set of Six 4" x 4" x 4" Baskets
69599	Stainless Steel Basket, Twin (1), for 6760-240

Optional Baskets

Accessory basket set lets you cook and drain 6 individual servings separately.

suggested uses

Works in tough back-of-the-house applications, but has the finesse to hold its appeal in self-serve lines too. Great for toasting bread, bagels, English muffins, premade waffles and other items commonly dropped in a toaster at home.

Model 6800

Conveyor Toasters

Nothing promises better toasting perfection, with less maintenance hassle, than the Nemco Conveyor Toaster—featuring a smart, simple design that delivers outstanding performance, with no wasted energy. Nemco's proprietary element pattern provides consistent toasting, left to right, across the entire conveyor, while the four-position rotary switch—with optional one- or two-side toasting—includes a 'stand-by' mode that conserves energy by running the topside element at a low temperature when the unit sits idle. A black powder-coat top and stainless-steel body, with heat-releasing louvers that keep it cool to the touch, make it a great model for front-of-the-house operations with self-serve lines. For 300-piece/hour capacity, choose model 6800. Or, for a higher volume, such as 1,000 pieces/hour, go with model 6805.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6800	2-Slice Toaster	14" x 18" x 15"	120	1660	13.8
6805	3-Slice Toaster	19" x 18" x 15"	240	3600	15.0

food
warming

hot hold[®] dry/moist food warmer

Model 6070-TT

Even a Magician Would Be Amazed

Thanks to creative and resourceful brands like yours, hungry audience expectations just keep going higher. And becoming more challenging.

These days, they want it all. Speed. Variety. And, of course, they'll never waver from expecting the highest food quality.

Just as their expectations have begun to sound like a recipe for the impossible, Nemco's pulled back the curtain on the new Hot Hold.

This undeniable work of wizardry keeps low-moisture foods at their crispy best and high-moisture

foods at their juicy peak, at the same time, for hours—turning even the most inexperienced, quick-serve staff into super-fast, meal-order masters!

So, all those high-expectation audiences? Get ready to win 'em over. Then, remember the number one rule in show business. Always keep them wanting more.

With the absolutely astounding foods you can pull from the Hot Hold, like a rabbit from a hat, that won't be a problem.

Hot Hold® Dry/Moist Food Warmer

No other food holding alternative on the market is more essential to a high-speed kitchen operation that can't afford to sacrifice food quality. The Hot Hold's patented ThermalBreeze™ technology keeps cooked foods at their ideal temperature—AND moisture level—for hours, so you can assemble the perfectly prepared meal order in seconds. Each Hot Hold unit features a simple, programmable user interface that's easy to master, an equally simple design for easy maintenance, and stainless-steel construction for lasting durability.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6070-TT	Warmer accommodates 4- 2½" deep, translucent amber ⅓ single handle pans	19½" x 13⅜" x 11⅞"	120	900	7.5
6070-TF	Warmer accommodates 2- 2½" and 2- 4" deep, translucent amber ⅓ single handle pans	19½" x 13⅜" x 12⅝"	120	900	7.5

Pans sold separately.

suggested uses

Ideal for busy, quick-serve and fast-casual kitchens that want to optimize meal-order assembly speed without sacrificing food quality. These units can keep steak, hamburger, chicken breast and other moist cooked foods deliciously juicy, while keeping bacon, hash browns, chicken tenders and other dry cooked foods perfectly crispy.

Stackable design allows up to three Hot Hold Warmers of any configuration to stack vertically, saving precious counterspace while providing maximum versatility.

Unlike any comparable unit on the market, the Hot Hold is superior for its user-friendliness, thanks to its control panel simplicity, and the energy efficiency of its patented ThermalBreeze™ technology, with its hot convection air recirculation and heat harvesting.

bulb warmers

Model 6000A-1A

Model 6000A-2
w/ 66091, 66089

Model 6008-4

suggested uses

Keep plated foods at proper serving temperatures, including pies, breads, and other baked goods. Also great for hot appetizers and side dishes, such as chicken fingers, French fries, poppers and fried shrimp.

Countertop Warmers

Add side dishes and entrées to existing buffet lines or create entirely new temporary buffet lines quickly and easily with Nemco's full-size countertop warmers. You'll enjoy greater menu flexibility and the ability to respond efficiently to changing menu requirements. Plus the reliable adjustable thermostat helps ensure that food held in serving lines is always within your food-safety temperature guidelines. Unique heating-element design provides even heat distribution to prevent "hot spots." Heavy-duty stainless-steel well.

Fractional Warmers

Even the smallest kitchens can dabble in everything from artistic finishing touches to completely new menu concepts! Wells accept a 1/3-size or two 1/6-size pans and are independently thermostatically controlled. Heating design ensures a uniform temperature zone. Cast-aluminum and stainless-steel construction is durable and easy to clean.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6140	Dual 1/3 Fractional Warmer	17" x 14 ⁷ / ₁₆ " x 10 ¹ / ₂ "	120	1100	9.2
6145	Single 1/3 Fractional Warmer	8 ¹ / ₄ " x 14 ³ / ₁₆ " x 10 ¹ / ₂ "	120	550	4.6

suggested uses

Attractive enough for serving lines. Round warmers keep soups, gravies, BBQ sauce, hot dressings and dessert toppings warm and appetizing.

No drip rim.

suggested uses

Heat, refresh and serve hundreds of hot foods, from blueberry muffins, to beef stew, to Mexican burritos, to lobster dinners. You name it. If it's leftover or frozen, it can taste like it's freshly cooked once again.

Fresh-O-Matic by Nemco

Instantly thermalize your precooked and frozen baked goods, meats, seafood, veggies, pasta and more with the reliable, easy-to-use Fresh-O-Matic by Nemco. When it comes to food quality, you can't beat fresh-made. But with the Fresh-O-Matic, you can match it—uses super-hot steam to instantly return moist heat to cold, precooked foods!

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6625B	Fresh-O-Matic by Nemco	16½" x 12" x 11 ⁵ / ₈ "	120	1500	12.5

suggested uses

Primed for virtually any cold foods you want to zap into a hot, fresh, plate-ready state—instantly! Ideal for buns, rolls, breads and other baked goods, and just perfect for tortillas. Great for melting cheese or reheating precooked seafood, meats, pasta, fruits, veggies and more!

Super Shot Countertop Steamer

This powerful little appliance could wind up being one of the most versatile tools in your entire kitchen. The Super Shot reheats foods and restores their fresh-made flavor in seconds! Make day-old breads, buns and baked goods taste like they just came from the oven. It's ridiculously easy to operate. Simply plug it into a standard outlet, fill the reservoir with tap water, then use the push-button to deliver a pulse of amazing steam. Made of commercial-grade stainless steel and cast aluminum.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6600	Super Shot Steamer	16½" x 17¼" x 8¼"	120	1800	15.0

230-Volt CE model is also available. Call for details.

suggested uses

Use one Nemco Mini Steam Table in place of several individual units to keep soups, sauces, gravies, stews and other like foods at the perfect temperature. Adapter plates provide maximum versatility on serving lines, allowing complete meal presentations, such as ribs with dipping sauce, mashed potatoes and gravy, plus many other side dishes.

Mini Steam Table

Mix-and-match adapter plates allow for more than six configurations to meet almost any serving need. Extra deep wells hold the largest pots and pans. Temperature range of 100°F to 200°F. Stainless-steel construction ensures durability and resists pitting and staining. Features “power on” indicator lights and back-mounted, 6-foot cord.

Hot Plates

Solid-top, cast-iron French burners heat up quickly and evenly, with six heat settings that can take you from a simmer to a boil in minutes. Horizontal and vertical configurations with one-, two- and four-burner setups fit most spaces. Multiple burners offer heating versatility. Right burner on the horizontal is a 1500-watt cooker, while the 500-watt left burner is perfect for warming. Vertical units have the cooker in the front. All models equipped with adjustable feet for added convenience.

A Window Into Higher Food Sales

For all that operators love about the hallmark functionality, durability and investment return of Nemco equipment, when it comes to retail food sales, the bottom line begins and ends with the food—not the equipment.

Understanding this—and continuously engineering to it—is what makes Nemco different.

Out of this philosophy was born the Open-View Merchandiser, in which the design was less about what we can add and more about what we can take away.

So, the question is, will removing the corner posts, hiding the control panel, making a slimmer steel frame and creating sharper, brighter graphics boost sales and profits?

Well, seeing is believing.

Open-View Merchandisers

Nemco's Open-View Merchandiser series is specially designed for a clean, sleek look that places every point of emphasis on the one feature that does all the selling—the sizzling product inside. Less is more with a design that includes high-quality tempered glass, "invisible" front corner posts, stylish backlit graphic headers on all three sides, and strategically placed interior lighting. The Open-View Merchandiser comes standard with chunkier brushed stainless-steel legs that make it a real class act in retail food sales.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps

6425	Hot Foods Display Case, Angled, 3-Tier, 19" Sq. Shelves	22" x 22" x 31 ⁵ / ₈ "	120	1550	12.9

suggested uses

Nemco's countertop Open-View Merchandiser is a hot sales solution for convenient stores, concession stands, kiosks, clubhouses, snack shops and other high-traffic retail operations. Great for holding and showcasing prebaked pizza and pretzels, as well as pies and other baked goods.

Every nuance of the Open-View Merchandiser is designed to maintain a clean visual appeal, including the control panel, which nests inside a recessed compartment in the back and disappears behind a closable door panel.

Model 6425

Model 6423

pizza merchandisers

Model 6451

It's All About Your Food. Period.

Sure, a lot of thinking is behind Nemco's full line of countertop food-merchandising equipment. But when staring at the drawing board, all the design team ever sees is food.

The result has been units that are never overengineered. Rather, you get simple solutions that feature the most user-friendly controls, the highest degree of visibility, the easiest to clean interiors and exteriors, and the longest-lasting performance.

No wonder so many consider Nemco "the best value in merchandising."

Pizza Merchandisers

Three- and four-tiered units are ideal for displaying multiple products at once, while holding them at controlled temperatures for better flavor and appearance. Contemporary signage and lighted interior enhance presentation. Stainless-steel, tempered-glass construction. Water reservoir keeps foods moist. Other rack styles available.

suggested uses

Small enough for most operations. Use for whole pizza, individual slices and boxed slices for fast, easy sales.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps

Optional Accessories

Model #	Description
48605	4" Nickel Plated, Adjustable Leg (for model 6453 only)

Model 6403 includes a shield over the light bulbs to protect them, while loading and unloading pretzels. The removable door easily lifts off for cleaning.

Model 6453 offers thermostatic control up to 200°F and incorporates a water reservoir to maintain humidity.

suggested uses

Extremely versatile holding capability—perfect for nearly any hot-selling foods you need to merchandise for extended periods of time. This design fits perfectly in all sorts of high-volume venues, from commissaries and c-stores, to chains and even upscale caterers.

Model 6480-36S

Model 6480-18S-B

Heated Shelf Merchandisers

Finally! A food-merchandising solution that can really showcase hot foods by holding them at optimum temperatures for hours. Each shelf has its own top and bottom heating with independent thermostats to accommodate variable temperature settings. Features also include a lighted merchandising area, glass sides, adjustable divider rods for easy organization of food product, and an overall stainless-steel construction as part of Nemco's trademark commercial-grade durability design. Powder coating and custom graphic signage available.

Optional Accessories

Model #	Description
48605	4" Nickel Plated, Adjustable Leg

suggested uses

This is a must have for any operation trying to optimize the off-premises market—especially if preparing to-go foods that require slightly higher warming temperatures or longer hold times. It's ideal for contactless order pickup, but also great for kitchen wait stations, pass-through areas, serving lines, buffets, and more.

Model 6302-5

To-Go Shelves

Ride the skyrocketing off-premises market like never before! Nemco's Heated To-Go Shelves distribute conduction-heat holding power across as many as 4,000+ square inches of surface area. So, you can keep your carryout meals plate-ready perfect and your carryout customers coming back for more. Proprietary heating element design dissipates a uniform heat across the entire surface area, with no cold spots. Each shelf is independently temperature controlled up to 220°F. All stainless-steel construction is durable and easy to clean. Available in units of two to five shelves, with or without heat.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6302-2	2-Shelf, Heated	41 ⁵ / ₈ " x 20 ¹ / ₈ " x 20 ¹ / ₁₆ "	120	700	5.8
6302-3	3-Shelf, Heated	41 ⁵ / ₈ " x 20 ¹ / ₈ " x 34 ⁵ / ₈ "	120	1050	8.8
6302-4	4-Shelf, Heated	41 ⁵ / ₈ " x 20 ¹ / ₈ " x 50 ³ / ₁₆ "	120	1400	11.7

6303-4	4-Shelf, Unheated	41 ⁵ / ₈ " x 20 ¹ / ₈ " x 50 ³ / ₁₆ "	—	—	—
6303-5	5-Shelf, Unheated	41 ⁵ / ₈ " x 20 ¹ / ₈ " x 65 ³ / ₄ "	—	—	—

** Note: 2- and 3-shelf models come with 4" legs; 4- and 5-shelf models come with 6" legs.*

suggested uses

The versatility of Nemco's heat shelf makes it useful for all sorts of applications, including kitchen wait stations, pass-through areas, serving lines, buffets and more. It is especially useful where overhead radiant warmers are not available. Use the heat shelf to hold plated foods or boxed to-go orders. Or hold a serving pan on its stainless-steel surface and maximize the power of conduction heat.

Model 6301-24-SS

Heat Shelves

Operators now have a smart, extremely versatile solution for keeping ready-to-serve foods at their warm, appetizing best. Nemco's electric heat shelf is perfect for the kitchen, the pass-through station or, with its special design features, the front of the house too. The unique heating elements minimize temperature drops across the surface, resulting in reliable, uniform holding and the capability to heat up to 220°F. Includes all stainless-steel construction, an ergonomic control dial and rounded corners for a contemporary look.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
6301-18-SS	18" Stainless	18" x 20" x 3"	120	250	2.1
6301-24-SS	24" Stainless	24" x 20" x 3"	120	350	2.9
6301-30-SS	30" Stainless	30" x 20" x 3"	120	425	3.5
6301-36-SS	36" Stainless	36" x 20" x 3"	120	500	4.2
6301-48-SS	48" Stainless	48" x 20" x 7"	120	700	5.8

6301-72-SS	72" Stainless	72" x 20" x 7"	120	1000	8.3

** Note: 18" through 36" models will be supplied with 1/2" feet; 48" through 72" models will be supplied with 4" legs to meet NSF Standard 4.*

suggested uses

Perfect for holding any hot foods that don't require humidity assist. Ideal for convenience stores, carry-out pizza kitchens and other similar operations. The cavity width accommodates most any foodservice dish or container, which makes it great for cafeterias, catering lines and virtually any high-volume, hot-food operation.

Hot Holding Cabinets

Whether you're trying to stay ahead of high-volume rush times or extend the oven-fresh quality of your hot takeout orders, Nemco's Hot Holding Cabinets offer the perfect solution. Each unit comes factory preset to the ideal holding range between 100° and 187° F, with no manual controls for staff to mess with. The width of the body and the easy interchangeability of the racks accommodate anything from 18" pizza boxes to half sheet pans and a range of other wide items. The door features scratch-resistant tempered glass and a self-drawing, self-sealing closure. Also features stainless-steel construction throughout and a self-monitoring function that alerts staff if the holding temperature has been compromised.

roller grills

Model 8027

Famous Old Dog. Exciting New Tricks.

In the tradition of allowing the market to influence design, when Nemco acquired the very first roller grill, the next immediate move was to find out how it could serve foodservice operators like you even better.

Now, along with its steadfast appeal as the true original of its kind, the Nemco Roller Grill operates more quietly, sports a sharper front-of-the-house look, and features even heat distribution completely across every roller. . . . Oh, yeah, and it's built to last even longer than the decades-old original units still going strong today.

Roller Grills

Let profits roll! Grill hot dogs, egg rolls, taquitos and more. The 360° roller rotation prevents residue buildup, while individual roller heating elements ensure heating consistency. Removable drip pan makes for easy cleaning. Inside, new grease seal feature prevents grease buildup inside the bearing. Electric power requires no ventilation system, and infinite heat settings offer convenient temperature control. For optimum roller performance and cooking versatility, look for models with Nemco's proprietary Gripslit™ coating. It has the tackiness to "grip" and turn all sorts of foods, but cleans up just like chrome!

Model #	Description	Size (W x D x H)	Volts	Watts	Amps	No. of Rollers	No. of Cords	No. of 5" Franks Per Hour

Slanted Roller Grills

A special tiered roller design adds an effective merchandising edge, because it brings the deliciously tempting grilled hot dogs into better view for your customers. Nemco's larger slanted grill options accommodate high-capacity operations—without a major investment upgrade. And, for optimum roller performance, consider Nemco's GripsIt models, featuring a proprietary roller coating that grips and turns better than chrome, but cleans up just as easily!

Model 8045SXW-SLT

GripsIt Rollers!

Only from Nemco

Sell more taquitos, pancake rollups and other specialty roller-grilled foods with Nemco's proprietary GripsIt™ roller coating—available on all Roller Grill models. GripsIt combines a subtle friction characteristic with a smooth surface finish, optimizing cooking rotation without giving up the important food-safety cleanability of conventional chrome rollers.

Digital Roller Grills

Nemco's latest grill model is ideal for high-volume, self-serve establishments, where employees have little time to monitor the unit. New digital controls allow operators to place the food on the rollers, hit a button and walk away. The preprogramming then automatically sequences through the preheat, cook and hold settings to achieve a perfectly grilled product completely without supervision. For optimum roller performance and cooking versatility, look for models with Nemco's proprietary Gripslt™ coating. It has the tackiness to "grip" and turn all sorts of foods, but cleans up just like chrome!

Model 8250SX-SLT

accessories for roller grills

Model 8036GD

Self-Serve Guards

Polycarbonate guards offer all the advantages of the standard guards, but with a higher-impact resistance and heat resistance for exceptional durability in the busiest environments. For added convenience, operators can temporarily rest buns and such on the flat top. The guard sits firmly on top of the roller grill, yet is easily removed for cleaning.

Model #	Description	Size (WxDxH)	Fits Roller Grill

Back view

Hot Dog Steamer

You can't beat the moneymaking magic of a classic ballpark hot dog. Nemco's countertop hot dog steamer cooks 'em up plump and juicy, and adds merchandising appeal to attract hungry customers. Smart design uses steam to keep buns on the upper bun rack moist and fresh. User-friendly features minimize the need for operator attention. Best of all, hot dogs can be ready to serve in as few as 10 minutes!

Model #	Description	Size (WxDxH)	Volts	Watts	Amps

Hold The Mayo

No, really. Hold the mayo, the coleslaw, the potato salad or virtually any chilled customer favorite in a self-serve or other open-display application with Nemco's latest countertop equipment innovation!

Display for your customers the widest variety of condiments and other chilled foods with the one

countertop solution that gives you unprecedented versatility and temperature control!

Nemco's Cold Condiment Station has all the features you need to consistently hold chilled, even potentially hazardous, foods at safe temperatures.

Cold Condiment Station

Display your self-serve, chilled customer favorites with Nemco's latest compact countertop-equipment innovation. Our Cold Condiment Station has all the features you need to consistently hold chilled, even potentially hazardous, foods at safe temperatures. Featuring an electronic thermostat control with a digital display and an integrated 1/8 horsepower refrigeration-condensing unit, Nemco's Cold Condiment Station has the capacity to maintain food-safe temperatures (32°-41°F) or colder, regardless of ambient temperature. Durable stainless-steel exterior with multiple-pan configurations for food-choice flexibility.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
9010	Station w/4-1/6 Plastic Pans w/Clear Hinged Lids, Horizontal Wells	17 ⁷ / ₈ " x 28" x 11 ³ / ₄ "	120	255	2.1

suggested uses

Nemco's Cold Condiment Station is a must-have accessory on any C-store self-serve island for its ability to keep all your "refrigerate-after-opening" items fresh. It's also ideal for buffet lines, salad bars and other applications where potato, pasta and bean salads, puddings and other refrigerated foods and desserts remain out on display.

suggested uses

Nemco's Cold Condiment Chiller is a must-have accessory on any convenience store self-serve island or stadium concessions counter. It keeps fresh all kinds of fruit garnishes for smoothies, as well as "refrigerate-after-opening" items, such as relish, onions, pickles, salsa, jalapeños, sauerkraut, banana peppers and more.

Model 9020-3

Model 9030

Now available in a new 1/6-size "fractional" unit that can be ultra-handly in the most confined kitchen spaces!

Cold Condiment Chiller

Expand your self-serve offering of condiments and other chilled foods with the industry's most compact NSF unit. The Cold Condiment Chiller's innovative thermoelectric technology can attain a temperature 30 degrees below room temperature to create a cold holding effect without the noise, maintenance and space-hogging drawbacks of conventional compressor units. A simple, sleek look & feel makes it appealing in a high visibility self-serve application.

Practical Made Perfect

Consumers are at it again, demanding more menu options, including the ability to 'customize' their orders with the likes of both classic and unusually original condiments and sauces.

So, what does Nemco do?— Step forward with the latest in food dispensing systems that are just as innovative as the operators who are filling them.

The result is a perfectly practical line that combines the very best in function and style to minimize waste, eliminate mess and complement the look & feel of even the most brand-conscious foodservice business owners.

Model 10962

Stainless-Steel Countertop and Drop-In Dispensers

Take your self-serve station to another level with Nemco's stainless-steel dispensers. They offer all the portion-control, accuracy and user-friendly features of the plastic dispensers, but with a different look to match the aesthetic and appearance of a unique dining area. Available in models that can stand freely on the counter or, if a lower profile is desired, models that can be dropped into a countertop cut-out.

suggested uses

A great self-service solution for dining areas where a stainless steel exterior blends with the aesthetic of the room or matches the appearance of other equipment and counters. Available in single through quintuple models, countertop or drop-in.

suggested uses

The Portion Pump's convenience, ease-of-use and no-mess function make it a great solution for self-serve operations that want to expand their condiment options.

Portion Pump

Simplify dispensing for your staff or self-serve customers with Nemco's easy-to-use Portion Pumps that apply a uniform, no-mess dose of condiments with one simple squeeze of the handle. The pump's sealed system maximizes shelf life, achieves a high product yield and ensures consistent portion control. Everything is made of BPA-free food-grade material and the dishwasher-safe components are easy to disassemble for cleaning and refills.

Batter Dispenser

Take your breakfast buffet line to another level with Nemco's super easy-to-use, 8-quart capacity batter dispenser that simplifies self-serve waffle making. A soda-machine-style valve dispenser features a smooth flow for convenience and a reliable seal to minimize mess. The stainless-steel construction adds durability, while the faceplate graphics apply an attractive visual accent.

Model #	Description	Size (WxDxH)
7050	Batter Dispenser	12" x 12" x 18 ¹ / ₄ "

Self-Serve Made Super-Easy!

Less labor for you means more money for you. Pair up the Batter Dispenser with one of Nemco's Waffle Bakers and let your customers enjoy preparing their own fresh-baked waffles!

essentials

kitchen essentials

suggested uses

Great for ice cream shops, kiosks, delis or concession stands—especially those that see heavy traffic. Also great for food-court operations that use scoops to serve potato, macaroni and other cold salads and slaws.

Model 77316-7A and 77316-19

Spade Well

Features a continuous flow of water to maintain optimum cleanliness of your ice cream spades and scoops for better food quality. No more flavor transfer and no more cross-contamination that increases your food-safety risks. Wells are available in a variety of sizes—each one designed with wide compartments that allow for easy access to and removal of the spades during rush times. Versatile mounting capabilities and optional left- or right-side spigot orientation adapt to your kitchen. Units are easy to turn off, drain and disassemble for cleaning, and they all meet NSF approval.

Model #	Description	Size (WxDxH)
77316-7A	Spade Well, 7"	7" x 6 ¹ / ₄ " x 5 ⁷ / ₈ "
77316-10A	Spade Well, 10"	10 ³ / ₈ " x 6 ¹ / ₂ " x 5 ⁷ / ₈ "
77316-13A	Spade Well, 13"	12 ³ / ₄ " x 6 ³ / ₄ " x 5 ⁷ / ₈ "
77316-19	Spade Well, 19"	20 ⁵ / ₈ " x 6 ¹ / ₈ " x 7 ⁷ / ₈ "

Optional Accessories

Model#	Description
77350	Spade Well, 10" Divider
77353	Spade Well, 13" Divider
77324	Spade Well, 19" Divider
77358-19	Installation Kit

suggested uses

A must for kitchens that produce signature salads and other menu items that include hardboiled eggs and a reverence for presentation. Also a great tool for slicing strawberries and other similar-sized, softer foods.

Egg Slicer

Quickly and easily produce hardboiled-egg slices that are beautifully intact and precisely uniform in thickness. Engineered ABS plastic with stainless-steel wires and a special curved cradling feature all amount to a design that stands up to commercial kitchen rigors, yet gently and securely holds the egg for a clean cut, every time.

Model #	Description
55400	Egg Slicer

suggested uses

Great for fast, evenly distributed buttering of bread slices, burger and hotdog buns or even tortillas, this is a handy sidekick that belongs right next to your grill, griddle, toaster or other cooking device for high-volume, assembly-line productivity.

Butter Spreader

This is the easiest and most efficient way to spread butter! Roller design promotes even, consistent application on all sorts of menu items, for economical portion control and best food flavor. Holds up to one pound of butter.

Model #	Description	Size (WxDxH)	Volts	Watts	Amps
8150-RS	Butter Spreader	5 ³ / ₄ " x 8" x 3 ³ / ₄ "	—	—	—
8150-RS1*	Butter Spreader, Heated	5 ³ / ₄ " x 8" x 3 ³ / ₄ "	120	24	0.2

220-Volt model also available. Call for details.

suggested uses

This simple, but can't-do-without tool is the perfect companion for your countertop ovens, especially in quick-serve kitchens. Works great for sandwiches, personal-size pizzas, rolls, muffins or any kind of toasted, baked or rapid-reheat oven favorite you can imagine.

Sandwich/Pizza Paddle

Don't find yourself up the quick-serve river without this paddle. The broad surface area can scoop under and support even the biggest oven-baked orders, including multiple toasted sandwiches or a generous personal pizza. The handle is long enough to keep user hands away from hot oven compartments, but short enough to maintain handling stability. Aluminum construction adds durability. Includes a preplaced hole in the paddle face, so kitchens can hang it near the oven for convenient storage and accessibility.

Model #	Description	Size (WxD)
55855	Sandwich Paddle	12 ¹ / ₄ " x 13 ¹ / ₂ "

6" Handle.

kitchen essentials

suggested uses

Designed to quickly and effectively remove grease and baked-on carbon from griddle surfaces.

Easy Grill Scraper™

Our unique scraper design has a special, ergonomic shape that puts more pressure on the blade for better results. Constructed of heavy-duty cast aluminum with a heat-treated spring steel blade. Replacement blades fit most other brands.

Model #	Description	Replacement Blades
55825	Grill Scraper	55607-6 (set of 6)

Model 56075

Available as a low-viscosity oil in a spray can or a high-viscosity grease in a tube.

Pro-Food Equipment Lubricant

Improve the performance and longevity of your food equipment with Nemco's Pro-Food oil and grease products—specially formulated and USDA H1-rated for surfaces that have direct food contact. Completely sanitary, nontoxic, odorless and tasteless, Pro-Food effectively and precisely lubricates equipment slides, shafts, bearings and other moving mechanical parts to smooth out noise and friction during operation. Plus, Pro-Food also protects surfaces by acting as a rust-inhibitive coating on non-stainless metals and a nonstick coating on protein-cutting surfaces that can otherwise be difficult to clean.

Model #	Description
47709	Pro-Food Equipment Grease Gel, 1oz
56075	Pro-Food Equipment Oil Spray, 16oz

Your Opportunities

JUST WENT GLOBAL

At Nemco, our commitment to meeting customer needs can lead us just about anywhere—literally.

Over the years, these pursuits have led to the development of our own dedicated international sourcing division.

It's a uniquely experienced team that can grant you access to more economical solutions in food equipment, commodity restaurant supply items and even new product development.

If you haven't found quite what you need here in our catalog, **ask us about the NEW Global Solutions line.**

 **GLOBAL**
solutions
